

CARING FOR THE PEOPLE, CARING FOR THE LAND

Health, Justice and Education in Cuba

DECEMBER 3-12, 2026

Join our delegation to learn firsthand about Cuba's complex and dynamic society. This time, we will focus on justice, health, and education in Cuba. Today, these are rights shared by all on the island but they are also affected by the U.S. Blockade. We will learn about these impacts and how we can show solidarity with the Cuban people.

This people-to-people delegation will explore issues such as these through conversations with professionals, artists, doctors, families, educators and neighborhood organizing committees. Visits to artist collectives, agricultural projects, and historic sites provide an on-the-ground immersion into Cuban life and culture. Everyone is welcome to join!
